

Hafiz

Ramli

Civil Engineer

ABOUT ME

Experienced civil engineer with a strong background in infrastructure projects and site supervision. Demonstrated expertise in enhancing project efficiency and sustainability through innovative engineering solutions and effective resource management.

EXPERIENCE

Cipta Bina Sdn Bhd

Civil Engineer, 01/01/2023 – 31/12/2025

Kuala Lumpur

- Led site operations for a multi-storey commercial project, achieving a 15% reduction in construction time through effective resource management and strategic scheduling.
- Coordinated subcontractors across multiple trades, enhancing collaboration and communication, which resulted in a 20% increase in project efficiency and minimized delays.
- Ensured timely completion of project milestones, maintaining a 98% adherence to deadlines, which contributed to a successful handover and client satisfaction.

Perunding Teguh

Site Engineer, 01/01/2021 – 31/12/2023

Selangor

- Supervised structural works for a residential housing project, ensuring compliance with safety regulations and quality standards, resulting in a 20% reduction in rework and a 15% increase in project efficiency.
- Managed site inspections, coordinating with contractors and stakeholders to identify and resolve issues promptly, which led to a 30% decrease in project delays and enhanced overall project delivery timelines.
- Implemented quality control measures during construction phases, achieving a 95% pass rate on inspections and significantly improving client satisfaction ratings for the residential housing project.

Dinamik Consult

Junior Engineer, 01/01/2019 – 31/12/2021

Johor Bahru

- Assisted in civil design calculations, contributing to a 15% reduction in project costs through optimized material selection and efficient design methodologies.
- Conducted detailed project costing analyses, enabling accurate budget forecasts that improved financial planning and reduced overruns by 20%.
- Prepared comprehensive construction drawings that enhanced project clarity, resulting in a 30% decrease in on-site errors and rework during the construction phase.

Bachelor of Civil Engineering

Politeknik Sultan Salahuddin Abdul Aziz Shah

Diploma in Civil Engineering

SMK Taman Bunga Raya

SPM

ACHIEVEMENTS

- Spearheaded a cost-saving initiative that reduced material waste by 18%, saving the company RM120,000 annually through improved inventory forecasting and supplier negotiations.
- Designed and implemented a project tracking dashboard that increased team productivity by 25% and shortened project delivery timelines by two weeks on average.
- Led a cross-functional team of 8 to deliver a civil infrastructure project 10% under budget and ahead of schedule, earning recognition from senior management for outstanding execution.

EXTRACURRICULAR ACTIVITIES

- **Vice President, UTM Civil Engineering Society** (01/01/2018 – 31/12/2019)
